Young People: sex, sexual health and pregnancy

Are you aged between 14 and 18 and living in Coventry?

We are looking for young people to take part in our research study.

Please click the link attached to the clip below and Sinead will tell you more about our study...

We think it's very important to hear what young people think and to find out more about young people's experiences.

To let us know what you think please help us by filling out our questionnaire which can be found by following this link:

<https://coventry.onlinesurveys.ac.uk/contraception-contraception-services-and-pregnancy-a-qu>

The questionnaire should only take around 20 minutes to complete and anything you tell us is confidential.

**If you have any questions about the research study or the questionnaire please contact:
